Nobuna then begins his historic conquest of Kyoto, intending to establish Yoshimoto as a shogun. Yoshihara, Hanbe, Gomon and Inuthyo go to explore the city in advance. Thus, Nobuna and Yoshihara travel to the neutral trading city of Sakai to ask their union to contribute to their cause. However, Sokeo Tsuda convinces another member of the trade union to contribute only on one condition: Yoshihara and Jubei must compete in a culinary competition. The winner takes 120,000 cans. Nobuna still achieves what she needs, but Shiekyo Tsuda and union leader Shio Imai, respectively, are betting on Jubei and Yoshihara, a bet on which is Imai's monopoly on urban tacos. Imai and Nobuna expect Tsuda to bribe other traders and rig the competition in favor of Jubei. Indeed, Jubei is declared the winner, although the judges are impressed by Yoshiharu, who uses mayonnaise on his takoyaki but finds Jubei horrible as she cooked it too quickly. Imai feels that the event has gone better than he hoped as he has the best recipe. Jubei, however, who took the competition more than she she is she demonstrates too much arrogance and surprised to see the cold disgust of Nobuna's reaction. 9Face-Off at Kiyomizu Transcription: Kiyomizudera Kebe (Japanese: 清水寺攻防)3 September 2012 (2012-09-03) Miyoshi Tri to organize a plan against Nobun and Yoshimoto. First, their counterintelligence forces Nobun to send his army to deal with a non-existent threat, despite Yoshihara's foresight of his lies. The sniper then kidnaps Yoshihara to lure Nobuna into his crosshairs and kill her. Meanwhile, Miyoshi's troops are attacking Kyoto. Their leader, Dano, teleports to kiyumizu Temple and attacks Jubei. Although Jubei is a sword master, he does not match the magic of Danjo. However, Yoshiharu's smartphone plucks the sniper and Jubei manages to keep her ground until military aid arrives. Yoshiharu Shields Jubei, Nobuna pins Tributeo down, Hanbei resists her magic and angry Bonartem blasts off her newly arrived escort, while troops under Kirshitan Lords and Louis crush miyoshi invaders. Completely defeated and impressed by Nobun's persecuted Japanese vision, Dani's defects. Later, Nobuna meets Simiko, a psychic who had read Yoshihara's thoughts before when he took her hand. She knows about his time travel, his fidelity, and his soft spot for women. 10Nobune in Dire DangersTranscription: Nobuna zettai zetami (Japanese: 信奈絶体絶命)September 10, 2012 (2012-09-10) Nobusumi discovers Nagamas is a woman. She had to hide her gender to become a ruler. She suspects Nobuna knew about it. Meanwhile, Yoshihara is released when Nobuna goes to conquer Wakasa, which would frighten the troubled Asakura without forcing Asai to choose between the loyalty of Oda or Asakur. He explains that Nobunaga made the mistake of attacking Akakura, and Asai betrayed him, bringing the frightening events of the siege of Kanegasaki in 1570. Hanbe, however, reveals that this may be exactly what is happening as she felt Nobuna lying yoshiharu. When Yoshiaru intends to confirm this and warn Nobuna, Hisamasa Asai imprisons Nagamasu and takes the clan, rallying troops against Oda. Sandwiched between two clans, Nobuna realizes that one of her retainers must sacrifice the rear guard to facilitate her retreat through the Kutzky Valley. Contrary to the wishes of Nobun, Yoshihara, Hanzo, the people of Gyomon and 500 soldiers form the rear guard and successfully defeat enemy security in advance. But when Nobuna goes to retreat, she is shot by a sniper. 11Asada KanegasakiTranscription: Kanegasaki no Nokikuti (Japanese: 金ヶ崎退き口)September 17, 2012 (2012-09-17) Bullet hits the smartphone Yoshiharu, only stunning Nobuna. However, Yoshihara's rear guard has been destroyed. To deny Yoshihara's enemy's head, Hanzo detonates a bomb on him. To save her life, Dano gives her a motive: Revenge. Scare off Asaya and Asakura in battle Anegawa, Nobuna is very close to becoming the monster against whom she warned Yoshihara, as she burned Tenjee to force Miyoshi's conspirators. Her plan to attack the religious site of Mount Hiei, to hunt down Miyoshi Tri and Asakura, met with strong resistance from her generals, as such sacrilege would anger the population. However, when Kono sends her the severed head of the statue to Kikazara and an abusive letter, Nobuna accuses her of killing Konoe on horseback while her generals and allies clamber after her. 12Nation of virtueTranscrection: Tenka Fubu (Japanese: 天下布武)September 24, 2012 (2012-09-24) Nobuna's reckless charge begins a full-scale invasion of Mount Hiei from several directions involving all its allies. Konoe detonated explosives to set fire to Mount Hiei, which he wants the public to see as Oda's military sacrilege. But his plan has the opposite effect, as sacrilege destroys the alliance of Miyoshi Tree, leaving nothing between Nobuna and Konoe to expect the unsuccessful Yoshitatsu. Tsuda and Sukakuin team up with Imai and Louis and provide Hanbe with the means and support for the magical ritual. With konoe dead, Nobuna has a romantic reunion with Yoshiharu, whose bomb was never hit. Jubei, also alive, found his shot, courted him and coitus with him (something that Nene draws conclusions from her saucy attitude). Finally, Hanbe causes heavy rain on Mount Hiei, putting out the fire. Nobuna and her forces welcome joyful citizens. External Links Official Website (In Japanese) Received from
